Waiter is Offered Bribe to put Poison in the Soup of a Hotel Manager Who Was Leader of the Preparedness Parade Movement, and Commissioner of Police.

(By Associated Press.)

SAN FRANCISCO, July 24.—The police are in possession of two letters which it is believed contain a definite clue to the perpetrators of the bomb outrage during Saturday's preparedness parade, resulting in the death of six and the injury of two score more.

Letters threatening death to Police Commissioner James Wood have been received, the second being sent to a waiter of the Hotel St. Francis instructing him how to put poison in the soup served Wood, who is manager of the hotel. Cash rewards offered have

been swelled to \$7000, Mayor Rolph offering \$5000 on behalf of the city. It is believed the amount will finally reach \$10,000.

The police are reported as having under observation one of the injured who is in a hospital and whose residence was searched without result.

The postal authorities are aiding in the search for the letter writers. An expert began investigation of the moves of notorious dynamiters since their release from prison. The death list probably will number at least two more of the victims who were severely injured.

DEMAND WITHDRAWAL OF NATIONAL GUARDS

(By Associated Press.)

WASHINGTON, July 24.—Senator Townsend, in the debate of the army bill, declared the guardsmen had been sent to the Mexican border on false pretenses and urged that all military forces not in actual service ought to be sent home immediately.

"It is apparent the national guard

was not going to Mexico and were mobilized under false pretenses," the senator declared. "Diplomatic correspondence discloses that there never was any intention of sending them into Mexico."

Heavy reductions in the items bill were continued. A reactionary sentiment apparently has set in.

REPUBLICANS NOW ARE ORGANIZED FOR AN ENERGETIC CAMPAIGN

The largest and most enthusiastic meeting of Republicans since the beginning of registration filled the spacious offices of Grant Crumley Saturday night and overflowed into the street. It was impossible to accommodate those seeking admission, and the presence of so many representative voters was accepted as a protest against the present county administration. Many of those taking the most active part in the discussion were citizens who refused to be identified with former fusion movements, which they realized could only have a disastrous ending.

Chairman Grier, on calling the meeting to order, expressed his pleasure on seeing so many earnest minded voters in attendance, which, he said, augured well for the success of the party at the next election.

Other remarks of like character were made and the universal desire to place the party before the people early in the campaign was reflected by the enthusiasm of the audience.

The first business was the reorganization of the County Central committee owing to the number of vacancies caused by death or removal, and Chairman Grier was empowered to fill the vacancies, which were supplied by appointment, making the membership of the standing committee as follows:

The holdover members of the Republican Central committee of Nye County continued from 1914 are: Harry McNamara, Letson Balliet, Lou Herring, F. A. Burnham, R. Petroni, Jack McQuillan and W. R. Bozarth of Tonopah; R. H. Ernest and W. L. Gommo, Round Mountain.

The new members are: H. R. Grier, J. G. Crumley, Chas. Enquist, W. W. Booth, Hugh H. Brown, Archie Jones, Pete Booth, Al Frevort, Alex McKenzie, Geo. Hopkins and Alfred Boyle of Tonopah; E. E. Palmer, Beatty; Arthur Putney and Paul (Slim) Harris, Manhattan.

The sentiment of the meeting was

entirely for harmony in the party and loyalty to the ticket, which reached an explosive point when the chairman announced he would call a general meeting of Republican voters right after a meeting of the new County Central committee called for the purpose of outlining plans for the campaign.

Several gentlemen also announced their candidacy.

MEXICAN MURDERED CLOSE TO MILLERS

Last night at 8:30 o'clock three shots were heard just outside the town of Millers and investigation resulted in finding the dead body of Cornelo Espinosa, a section hand employed on the Tonopah & Goldfield railroad. Juan Ortega, another section hand, is under arrest and held in the town jail awaiting the verdict of the coroner's jury that was empaneled this afternoon.

Ortega was last seen with the dead man when both left Millers to take a walk out on the desert in the cool of the evening. Soon after their departure three shots were heard and then all was still. Not an outcry or exclamation was heard. A posse of citizens led by Deputy Sheriff Heckernall went out to investigate and found the remains. One shot had taken effect, entering the left side and passing through the aorta artery,

causing instant death. The missile continued its course through the left lung, fractured the third rib and lodged under the skin on the right side. The bullet was found this afternoon by Dr. J. L. McCarthy, of Goldfield, county physician, who performed the autopsy. The body was taken possession of by the authorities of Esmeralda county, who arrived on the scene this morning. They were Coroner Marvin Arnold, Sheriff Ingalls, District Attorney Diskin, County Clerk Roberson, County Commissioner Floyd Cable.

A telephone message from Goldfield instructed Frank Cavanaugh, of Tonopah undertaker, to go to Millers and look after interring the body at the expense of Esmeralda county. Espinosa arrived at Millers yesterday morning from Main Line Junction, where he worked.

COST OF WAR IN BILLIONS

LOANS TO ALLIES ABSORB LARGE PORTION OF THE COSTS OF HOSTILITIES

(By Associated Press.)

LONDON, July 24.—Premier Asquith asked the House of Commons today to vote a credit of £450,000,000 (\$2,250,000,000), the largest credit asked since the beginning of the war. Asquith said the army and navy and munitions cost £379,000,000, loans to England's allies, £157,000,000, and food supplies and railways £23,000,000. The average daily war expenditure, he said, was £4,950,000.
